

Hello my name is Scott Buckner and I'm an addict. Before coming to Promise of Hope my life was on a very destructive path. I often felt hopeless and doomed to never be able to stop using drugs. I had lost everything I held dear and pushed everyone that I loved away. I knew I needed help because I tried many times to stop using on my own but failed every time. I entered Promise of Hope on November 27, 2012 and did my best to stay open minded to their suggestions and as a result this rehab saved my life. It gave me the tools to get sober and taught me how to live without drugs. This program gave me a relationship with God who gives me strength every day to be a better person and give back to others. I graduated Promise of Hope on June 28, 2013 and I now have over two years clean from drugs, a fiancé and a baby boy. I will forever be grateful for this program and would highly recommend it for anyone who is seeking recovery. Thank you for letting me share.
